Dear Friends,

Please accept the sincere thanks of everyone at the Juvenile Diabetes Research Foundation International (JDRF) for your generous donation of \$3,838.00, which we received on 8/26/2008. We are pleased you have chosen to express this very special tribute by participating in JDRF's funding of vital research.

Your support is helping us reach our objective of raising \$1 billion over five years to fulfill an ambitious and highly focused research agenda that will accelerate progress in translating basic scientific developments into real treatments and cures. We have achieved some extraordinary accomplishments in the last year as we've proceeded in funding this research program. In other words, the pipeline of promising new therapies is rapidly yielding treatments for testing in human clinical trials. We're not testing whether this research might someday yield treatments for people with diabetes. We're finding out now.

JDRF has continually earned a reputation as one of the world's most efficient and innovative charities. We continued to receive high marks in 2008 from people who rank fundraisers, including the American Institute of Philanthropy, Charity Navigator, and *Forbes* Magazine.

We are grateful for your generosity and your partnership in helping JDRF achieve our mutual goal of finding a cure for diabetes. If you have questions or need more information about diabetes, or JDRF in particular, please call us 1-800-533-CURE.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shawn McKenna".
